## MEMORANDUM

Below are several different versions of the Registration Log Sheet Participation Category block that ESVA discussed in several meetings. As noted in the Executive Committee meeting minutes of March 4th, 2021, no agreement was reached on a preferred alternative for our log sheets so the alternatives that were discussed have been tabulated below. All of these alternatives are available for use by ESVA clubs. Utilize the format that best suits your club. Note however that Element 3 Health (E3H) walkers must be accounted for on our log sheets to help club treasurers keep track of these walkers and credits/payments associated with the E3H program even if your club has not signed up for the E3H program.

1. AVA recently revised their registration log sheets to add E3H walkers. They are available for download on the AVA site at: AVA.org > Clubs Only > Clubs > Clubs Only > AVA Club Forms > Event Reg Log Form 900A and 900B. The 2 different AVA versions are shown below:
